

CPR: Basic Life Support for Healthcare Professionals

Certified by American Heart Association

The Basic Life Support (BLS) for Healthcare Professionals Course trains participants to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations and provide early use of an AED. This course is designed for a wide variety of healthcare professionals and other personnel who need to know how to perform CPR & other basic cardiovascular life support skills in a wide variety of in-facility and prehospital settings.

**Students must register and pay prior to attending
To register call 940-689-3714**

- CPR manual will be given in class
- You will receive e-card the day of class

Century City Center
